

CARONDELET ORTHOPAEDIC SURGEONS & SPORTS MEDICINE PRACTICE SPOTLIGHT: APRIL 2014

CARONDELET ORTHOPAEDIC SURGEONS & SPORTS

MEDICINE

A DIVISION OF SIGNATURE MEDICAL GROUP OF KANSAS CITY

PRACTICE SPECIALTY:

Orthopaedic Surgeons and Physical Medicine & Rehabilitation

Since 1961, Carondelet Orthopaedic Surgeons & Sports Medicine has provided compassionate evaluation and treatments for patients with musculoskeletal disorders and injuries. Our specific focus is the musculoskeletal system and any structures related to them. Along with general orthopedic surgery, total joint replacement, fracture care and physical medicine & rehabilitation, COS has orthopedic surgeons with sub-specialty fellowship training in sports medicine knee & shoulder, hand & wrist, and foot & ankle.

Our group consists of David Clymer, MD; Scott Luallin, MD; Greg Van den Berghe, MD; Matthew Kneidel, MD; Valerie Deardorff, MD; Scott Abraham, MD and Jini Chandra, MD. COS physicians are all Board-Certified in their specialty. We are active team physicians for Sporting KC & Avila University along with several high schools.

We welcome patients with pain, injury or degenerative changes of all ages for treatment. We see children of younger ages for most conditions not requiring a Pediatric Orthopedist (generally, these are related to congenital or growth related conditions).

Carondelet Orthopaedic Surgeons also provides many sub-specialized treatments in the **KNEE**: PRP – Platelet Rich Plasma injection, ACI - Carticel ACL implantation, and Mosaicplasty; **SHOULDER**: Reverse Total Shoulder, Remplissage and Clavicle internal fixation; **HAND**: Xiaflex for Dupuytren's contracture; **FOOT & ANKLE**: OATS Ankle Cartilage autograft transfer with PRP, Ankle instability (Brostrom) and Total Ankle Replacement.

Would you like to refer a patient to us?

We appreciate referrals from other health providers and take them very seriously. Continuity of care is important and it is our goal to send our clinic notes to you in a timely manner and keep you up to date with our treatment plan for your patient.

For your convenience we have a downloadable PDF form on our website that can be faxed to our office. In addition we have several staff members ready to answer your call.

Same day appointments are available

Corporate Medical Plaza, Building 2
Third Floor - Suite #300

Any referral for treatment can almost always be seen the same day or within 24 hours with one of the physicians. For direct specialist referrals, it may require a longer wait for non-acute problems. We do utilize mid-level providers for surgical and office assistance – **but your new patient will only be scheduled with a physician.**
