

PRACTICE SPOTLIGHT: SEPTEMBER 2014

***Quality, Convenience and Affordability.***

Northland Imaging's modalities include:

- MRI – High-Field 1.5T
- Open MRI – Mid-Field .3T
- CT – 16 slice
- Ultrasound
- X-Ray
- Arthrograms
- Pain Injections

Our MRI and CT departments are all ACR accredited by the American College of Radiology. Each technologist is certified in the modality they operate.

Our self-pay pricing is some of the lowest in the Kansas City Metro Area. Because we are independently owned and not affiliated with any hospitals, there is NO FACILITY FEE tacked on to our services. Facility fees charged by hospitals and hospital associated imaging centers add significant costs to their services, Also, with hospitals, radiology charges are usually not included in the cost, so a separate bill is incurred from the radiologist. Northland Imaging does global billing, which included the radiology fee. We are able to save patients hundreds, if not thousands, of dollars for the exact same imaging services. We believe each and every patient should have a choice in where they receive their imaging services, whether they are using their health insurance benefits or are a self-pay patient.

*"Staff very professional, friendly and sensitive to my needs. Very Satisfied. A+"*  
 ~ Jeannie R

***Quality, Convenience and Affordability.***

Alliance Radiology, Carondelet Division, provides our radiological interpretations. Alliance is one of the premier radiology groups in the Kansas City Metro area. Three MSK (musculoskeletal) radiology physicians provide on-site pain injections and arthrogram procedures. We give fast/rapid turn-around time for reports – often times same-day.

We offer easy and convenient scheduling – orders can either be faxed or phoned in. A live person is always on the other end of the phone – no prompts or confusing menus. We also have walk-in x-ray services, and we can often accommodate same-day scheduling for our other services. Northland Imaging offers insurance precertification services, and is contracted with most major insurance plans.

Northland Imaging is a supporting member of our community and is involved with both the Northland Regional Chamber of Commerce and the Liberty Area Chamber of Commerce. Our Operations Manager is a member of the Northland Medical Managers group.
