ARJ INFUSION SERVICES

Nationwide Specialty Pharmacy Infusion:

ARJ Infusion Services is a leader in specialty pharmacy and nursing services. We provide therapies for children and adults with rare and chronic conditions. Our nearly 20 years of experience and expertise includes hematology, neurology, immunology, GI and rheumatology.

Quality, nationwide infusion care is why prescribers choose ARJ.

ARJ works directly with your care team to create **personalized infusion treatment plans** and **specialty pharmacy coverage** for your **pediatric or adult patients**. We offer a **multidisciplinary approach** to **infusion care** by combining the best **technology, products**, and **clinical proficiency** to meet your patients' unique needs.

You might be surprised by what it takes to deliver custom medication to people whose lives depend on it. ARJ's skilled pharmacists ensure children and adults with chronic conditions have access to lifesaving treatments they rely on.

Rely on ARJ for:

- Two-hour response time on **referrals**
- **Insurance** verification and approval
- Proactive **care-team** communication
- Robust **clinical outcomes** reporting

Continuous care you can count on:

- **Medication management** and follow-ups
- Clinical outcomes reporting through **ARJ DiscoveryCare**
- 24/7 **personalized support** and consultation
- Hands-on **infusion education** for all ages
