

PRACTICE SPOTLIGHT: JUNE 2018

GREAT OAKS THERAPY CENTER

Practice Specialty: Mental Health Care

At Great Oaks Therapy Center we have the motto: "Where being a messy human is expected, encouraged even." We live by this - in the office and in our own lives.

Our team is composed of 9 phenomenal Marriage & Family Therapists and one graduate level Marriage & Family Therapist intern. We treat a vast range of issues ranging from ADHD, to trauma, to anxiety & depression. We utilize a variety of methods in order to help our clients reach their optimum

mental health. All of our therapists are trained in Eye-Movement Desensitization & Reprocessing (EMDR), we also have two therapists trained in Reiki Energy Healing, a trained Music Therapist and one therapist trained in play therapy.

We also have a unique opportunity to offer a generous sliding scale to our clients. With the use of our interns we are able to meet the client exactly where we need to for budgeting purposes and while we don't accept insurance we are usually able to accommodate their copay as their only financial obligation. It is our belief at GOTC that payment shouldn't be a barrier to therapy. There are many mental health needs in the world and the more accessible that we can make it to the public, the better off we all will be.

Since joining KCMIPA we have been so excited to help your practices meet the mental health needs of your patients. We are in the process of piloting a program where our interns and staff can come into your practices and provide services on site. As this program takes off we look forward to helping you all meet the needs of your patients.

We are excited to continue growing our relationship with all of you and invite you to reach out with any thoughts, questions or invitations to help your practice!

Check out our website: www.greatoakstherapy.com or on Facebook & Instagram @greatoakstherapy.

WE HAVE A
NEW LOCATION!

1511 WESTPORT RD.
SUITE A
KCMO 64111
